Schatz wins Knoxville WoO Spring Opener

by Bob Wilson

KNOXVILLE, IA (May2) - Defending Knoxville Nationals champion Donny Schatz claimed the World of Outlaws (WoO) Spring Opener at Knoxville Raceway Saturday night at this central Iowa racing facility. It marked the 56th year of continuous weekly racing here.

The 25-lap feature event saw Knoxville regular Brian Brown shoot to the front when the race flagged green. Brown started on the pole but had to hold off the immediate challenge for the lead from his uncle, Danny Lasoski who started right beside him. Terry McCarl took that runner-up spot on the next lap as Schatz steered from seventh to fourth. It was evident that Schatz's starting position would not be a factor in this 13 mile race.

Lap five saw the first of only two yellows, which slowed the event as a car had come to a stop on the track. All eyes were on the first turn of the restart as Brown took to the high cushion and McCarl dove to the bottom. Brown managed to avoid the slider and keep the lead as Schatz kept a very close third.

As the early stages of this race played out, Brown continued to lead and in fact pulled to a 15 car-length lead over McCarl who was being hounded by Schatz. At this juncture too, Steve Kinser slid Lasoski to take fourth.

With a dozen laps in the books, Brown entered lap traffic. He tried to run the top when he could as did McCarl. Schatz, however, placed his J & J on the bottom to keep pace. As the laps counted down the top three runners began encountering more and more traffic and this played into the hands of McCarl as he finally made a pass of the Brown machine to take the lead on the 15th circuit.

Brown stayed close to the leader but Schatz eventually passed him on lap 17. This move then set up Schatz in his bid to run down McCarl as he tried unsuccessfully to get by the leader several times.

The magic lap occurred on the 21st go around as Schatz finally made the pass for the lead coming out of turn four on the high side after the lengthy battle with McCarl. Then, just as Schatz took the white flag, the final yellow or the race was displayed for a stopped car.

Again, all eyes focused on turns one and two on the restart but no positions changed for the top five runners. Eventually Kinser made a pass of Brown on the final lap, but Schatz had too much for everyone on this night and he carried home the \$10,000 to win for the Tony Stewart owned sprinter.

Completing the top five were McCarl, Kinser, Brown and Haudenschild. Lasoski, Jason Johnson, Jason Sides, Craig Dollansky (from 22nd) and Jason Meyers formed the top ten finishers.

Seven cars broke into the 14 seconds bracket during qualifying time trials, fastest of which was Schatz at 14.592. That quick lap was only .185 off the one-lap track record here.

In the companion 360 sprint feature, a virtual unknown captured the 15-lap feature as 19-year-old Matt Covington led every circuit to claim the season opener in that division. It was his first feature win ever.

Covington, who started outside row two, took a chance and dove to the bottom in turn one as the race began and powered down the backstretch with the lead. With just two laps in the books, the red came out for Darren Long who took a tumble down the front chute.

Matt Sutton trailed the leader for the first eight laps until he was passed on lap nine in turns one and two by Clint Garner, a fifth row starter. Garner had staged a great battle with Gregg Bakker (last year's season opener winner) through most of the front portion of the race. Garner's heroics were too late as Covington had checked out on the field and by the end of the race had built a twenty car-length margin when he swept under the checkered flags. Garner kept second, Bakker took third, Ryan Roberts was fourth and Jon Agan rounded out the top five.

Forty-seven 410 teams contested the WoO events and fifty-seven cars faced-off in the 360 portion of the race card.

Herrera takes IRA Knoxville sprints; Logan wins in 360s

by Bob Wilson

KNOXVILLE, Iowa - May 9 - Johnny Herrera led the way for the "hometown boys" during the annual IRA (Interstate Racing Association) vs. Knoxville sprints at Knoxville Raceway Saturday night. Ricky Logan had the field covered as he captured the 360 sprint feature.

For Herrera, the win marked his 11th career win here for the 1995 track champion who started on the pole of the 20-lap event. Right away he took the Larry Woodward Maxim to the high cushion with third row starter Skip Jackson in tow. Soon his sprint mount began smoking but that fact never became an issue during the 10-mile sprint.

Just as Herrera began pulling away from his pursuers on lap five, Mike Moore struck the first turn fence violently bringing out the red. He was not injured but his car was in no shape to continue.

On the restart, Herrera again held the point with Jackson and Don Droud, Jr. in pursuit. One lap later, Droud passed Jackson for the runner-up spot. At the halfway point, Droud was keeping pace with the lead car as Brian Brown was now in third. When they entered lap traffic with twelve laps down, the distance began to shorten between the three top cars. Lap fourteen saw heavy traffic and it also saw Herrera begin to extend his lead as he was able to play the back markers to his liking.

Now, with Herrera pulling away from his closest challengers, the question was who would claim the runner-up spot as Brown had come within striking distance of Droud. Close behind them were Bronson Maeschen and twentieth starter Billy Alley in fifth.

Tonight would be claimed by Herrera who came across the stripe as Droud and Brown exited turn four. Maeschen finished fourth and Alley claimed an excellent fifth after having ignition problems early in the night and thus the twentieth position start. Completing the top ten finishers were Jackson, Dusty Zomer, Lynton Jeffrey, Mark Dobmeier and Bob Weuve.

In the companion 360 sprint feature, second row starter Ricky Logan led the entire 15-lap distance to claim win number four for him and the L & S Racing team. Logan was positioned in a near-runaway of the race until a red was displayed at the close of lap six. Lee Grosz struck the turn two fence bringing the race to a halt and erasing Logan's huge advantage.

On the restart, second place runner Johnny Anderson tried to stay close but Logan was too stout on this night and began to pull away. Anderson then had his hands full with third runner Randy Martin. Martin finally slid Anderson to take the runner-up position, which he held to the end as Anderson seemed to lose focus for a lap.

In the end, it was Logan, Martin and last week's winner Clint Garner finishing in that order. Anderson was fourth and Chad Humston took fifth. Tom Lenz, Nate Van Haaften, Russ Hall, Brett Mather (from 20th) and Gregg Bakker completed the top ten finishers.

On this night, 42 cars competed in the 360 division and 41 cars showed in the 410 division.

Lasoski returns to Knoxville for Sprint win
by Bob Wilson

KNOXVILLE, Iowa (May 16) Danny Lasoski made an appearance at Knoxville Raceway after taking a break from the touring World of Outlaws and made it payoff as he captured his 93rd career feature event at this Central Iowa racing facility. Ryan Roberts led the distance in capturing his 2nd career win in the 360 division.

The 20-lap feature had a difficult time getting the go as Tony Bruce, Jr. did a couple of rollovers against the turn one fence while trying to avoid another car on the initial start. Brian Brown then came to the working area with a malfunctioning sprinter and failed to make it back to the track in time to catch the second start.

Pole sitter Lynton Jeffrey grabbed the lead when the green flew the second time. He was chased for two laps by Chris Morgan, Mark Dobmeier and Dusty Zomer. Right after Jeffrey took lap two, the red was shown for Tim Shaffer who took a flip and landed on all fours in turn three. He was unable to restart.

When the race went green again, Dobmeier slid Jeffrey in turns one and two to take the lead then grabbed it for good when he ducked low in turns three and four. Jeffrey was unable to stay with him as Dobmeier began to build a sizable lead.

Lap seven saw Dobmeier change his line as he suddenly went to the bottom of the track instead of the cushion. He also began to slow. It took Jeffrey just two laps to chase him down and retake the lead as finally Dobmeier slowed and pulled onto the berm in turn four in an attempt to pull into the pits. His efforts were ill fated as he spun at the pit entrance bring out the final yellow.

On a track which had faced strong winds all day long, there was not a lot of “racey” grooves at this point in the evening. The final restart saw leader Jeffrey go to the top which had a cushion just feet away in the turns from Knoxville’s tall, white fences. Danny Lasoski, who started ninth, stayed with him on that line for one lap and then dropped to the bottom for a challenge.

Lap sixteen saw “The Dude” try a slider that worked in turns one and two as he took the lead for good. Behind him a lot of action was occurring as several drivers who had started mid-pack or worse had worked their ways toward the front. Tonight they would not catch Lasoski as he began to put a great deal of track between himself and them.

As the checkers fell for Lasoski, second place Terry McCarl (started 10th) had just exited turn four of Knoxville’s big half-mile oval. Jeffrey held for third while Kerry Madsen posted a fourth having started 19th. Brooke Tatnell finished fifth. Rounding out the top ten were Johnny Herrera (started 15th), Billy Alley, Bob Weuve, Don Droud, Jr. (started 18th) and Dusty Zomer. 32 cars competed on the evening.

Ryan Roberts utilized his front row starting position to grab the lead and keep it in the 360 sprint division. Only two yellows slowed the event and on each restart Roberts held his spot. He was trailed the entire way by Bryan Dobesh who finished in that spot. Those two cars pulled away from the most interesting race, that being a lap after lap contest between Joe Beaver, Dustin Selvage and Lee Grosz as that threesome fought for the third place spot for most of the 15-lap distance. Clint Garner waited right behind them should they falter.

In the end it was Robert and Dobesh taking the top two spots as Selvage, Grosz and Beaver claimed the top five finishers. Garner, Johnny Anderson, Mike Houseman, Jr., Jonathan Cornell (from 20th) and Matt Morro (from 17th) completed the top ten finishers. 40 cars competed in this division.

Herrera and Dobesh capture Features at Knoxville

by Bob Wilson

KNOXVILLE, Iowa (May 23) – Johnny Herrera made it two 410 sprint wins on the season at Knoxville Raceway Saturday night and Bryan Dobesh captured his end of the companion 360 sprint division. Though rain threatened throughout the day and in fact soaked the track just after the noon hour, not a drop fell during the night.

With the invert on this night's features at 12, the big guns were sitting in mid-pack to begin the race. Front row starter Josh Schneiderman got the jump when the race went green and in fact began to pull away from the field in this 10-mile race. A yellow slowed the field when Pete Crall spun in turns one and two negating Schneiderman's expanding lead.

On the restart, Johnny Herrera took control after starting in row two. The Albuquerque driver slid Schneiderman in turns one and two and was never headed after that. Herrera placed his Larry Woodward Maxim on the high cushion and began to roar away from the pack. By the mid-point of the race he had a near-straightaway lead on the big half-mile oval.

Behind Herrera for most of the event was Lynton Jeffrey. Jeffrey carried on a strong battle with Terry McCarl for the runner-up finish but finally yielded that position on lap 15 when McCarl bested him coming low out of turn two. Shortly after that the final yellow of the night flew for fourth place Billy Alley who lost a right-front wheel while flying down the front chute. Alley was able to keep control of his car but he was finished for the night.

With Herrera's big lead wiped out by the yellow, the restart would show McCarl directly behind the leader. Herrera went low into turn one on the restart and drifted up in front of McCarl in turn two. Both drivers put on a driving clinic on the final three laps as Herrera managed to keep his spot and roar across the finish line with \$3,000 added to his pocket and his 12th career win here.

McCarl (started 12th) claimed \$2,500 for his efforts while Jeffrey took third and \$2,000. Brian Brown was fourth (\$1,500) and Kerry Madsen (started 11th) (\$1,000) took fifth. Rounding out the top ten were Mark Dobmeier, Skip Jackson, Calvin Landis, Dusty Zomer and Don Droud, Jr.

Bryan Dobesh's win in the 360 sprint division marked his third career win at this central Iowa racing facility. The start of the race saw Dobesh line up beside Ryan Roberts, who had claimed victory in the prior week. Both drivers fought determinedly for the lead on that first lap but it was Dobesh who took it and kept it for the 15-lap distance. Though Roberts stayed close, he was unable to challenge as Dobesh pulled away. Even the yellow at the half-way point was not a factor in helping Roberts make a race of it.

Behind Roberts for most of the go was rookie challenger Jonathan Cornell. Lap 10 saw Cornell lose that spot to Clint Garner (who had started sixteenth). Matt Moro held fifth for much of the distance.

That is the way they would finish with Dobesh, Roberts, Garner, Cornell and Moro in the top five. Completing the top ten were Chad Humston, Brett Mather, Jon Agan, Gregg Bakker and Joe Beaver.

Next week will be USAC-sanctioned midgets on Friday vying for the King Doodlebug title along with the annual Masters Classic. 410 Knoxville sprints will co-star with the Midget Nationals on Saturday. All of this being featured during the National Sprint Car Hall of Fame & Museum's induction weekend.

Tracy Hines is crowned King Doodlebug

by Bob Wilson

KNOXVILLE, Iowa (May 29) The 7th annual King Doodlebug Classic saw Tracy Hines from New Castle, Indiana take top laurels at Knoxville Raceway Friday night. The USAC (United States Auto Club) midget event was part of the 20th annual National Sprint Car Hall of Fame & Museum's Induction Weekend activities.

Though Hines sat on the pole of this 20-lap Classic event, it was fellow front starter Brad Kuhn who took the immediate lead. Hines, in fact, fell to third when Kevin Swindell took over the runner-up spot on lap two. Hines soon put him back to third on lap five and one lap later took the lead.

On a track that became dry and slick, almost everyone found the bottom to be fastest around the Knoxville half mile. The track conditions forced the rest of this race into a single file run and most all of the top 10 positions stayed the same.

Lap 18 saw a wicked wreck in turn four as Davey Ray (Davenport, Iowa) started flipping after he and another car came together. Just as Ray's car was on its last tumble, it was struck hard by Chad McDaniel (Concordia, Kansas) who had no where to go. Both drivers were taken to Knoxville Area Community Hospital. The condition of each driver at press time was unknown.

When the race resumed, Hines continued his lead to the checkered flag and the \$1,650 winner's check. Jerry Coons, Jr. claimed second with a pass of Kuhn on the final lap. Levi Jones was fourth and Rick Ehrgott finished fifth. Bobby East, Cole Whitt, Brad Sweet, Matt Smith and Darren Hagen completed the top ten.

Sammy Swindell Masters Knoxville Raceway Classic

by Bob Wilson

KNOXVILLE, Iowa (May 29) Sammy Swindell of Bartlett Tennessee captured the 17th annual Masters Classic at Knoxville Raceway Friday night. The Classic is the annual National Sprint Car Hall of Fame & Museum's race for those drivers who are 50 years of age or older and has become an integral part of their Induction weekend activities.

Swindell, who started in the front row, jumped to the immediate lead when he roared out of turn two on the first lap. He was chased early on by Gary Wright who started right behind him. Swindell moved into lap traffic on the fifth circuit, thus allowing Wright to close in on his rear nerf bar.

Both drivers put on exciting performances dicing through traffic in this 24-car field as neither driver seemed to falter in this early going. It was lap 10 that saw Wright make his move on Swindell as he roared into turn three beside the bottom-hugging leader. As they headed toward turn four, Swindell was slowed by a lap car and Wright took the lead.

At this point, the race had become a two-car battle. Though both cars were still in lap traffic, third place Kenny Jacobs was unable to stay with them. Then, just as Wright headed for the flag stand at the end of lap 14, he slowed allowing Swindell to take the lead. The yellow was displayed as Wright stopped in turn two the victim of a broken fuel pump.

When the race resumed, Swindell was chased by Jacobs who soon faltered. By lap 20 Swindell could claim a full straightaway lead, but he nearly lost it when he became sideways in turn four as he headed to the white flag. After he corrected the move he continued on around the half-mile oval to take the \$3,000 first place prize money. Jacobs claimed second and \$2,000 and Chuck Swenson was third for \$1,500. Fourth went to the defending champion Randy Smith (\$1,200) and claiming fifth was Joe McCarthy (\$1,000). Completing the top ten finishers were Judy Bates, Greg Rilat, Ed Neumeister, Terry Alexander and Allen Unruh.

Kevin Swindell takes 8th annual USAC Knoxville Midget Nationals

by Bob Wilson

KNOXVILLE, Iowa (May 30) Kevin Swindell came out on top of the 8th annual USAC (United States Auto Club) Knoxville Midget Nationals at Knoxville Raceway Saturday Night. It was the youngster's first win at this storied half-mile oval and placed his name along side that of his father's as a winner here.

The 25-lap event saw row one starter Brad Sweet take the first two opening laps before Jerry Coons, Jr. dove low in turns three and four to take the top spot heading into lap three. While Sweet, Darren Hagen and Brad Loyet battled for the runner-up spot, Coons began to pull away. Finally Sweet broke from that pack and stayed in contact with the Coons machine.

At this point in the race, the bottom was the preferred line as it was proving to be the fastest way around the Knoxville oval. However, of the frontrunners, only Swindell took the precious time to try the top as the cushion had moved to within 8-12 feet of the tall fences.

By lap 10, Coons had built a 20 car-length lead over Sweet while staying strictly on the bottom. One lap later Swindell took third as Coons continued to pull away from the pack. Swindell moved into the runner-up spot two laps later.

With Coons comfortably in the lead, Swindell's line was to use the top in turns 1-2 and shoot to the bottom in turns 3-4. As the laps began to run down it looked as if he was beginning to make some headway in the leader's advantage, but the margin appeared to be insurmountable.

Lap 23 saw Swindell miraculously come to within eight car lengths of the leader. One lap later in turn three, Coons appeared to falter and Swindell dove past him to take the lead. Coons tried to make a race of it but Swindell had become too strong as he drove the Keith Kunz Motorsports Bullet across the finish line by two car lengths ahead of Coons and into victory lane. The win paid him \$3,550.

Coons came across for a close second, Sweet remained in third, Hagen kept fourth and Cole Whitt finished fifth. Rounding out the top ten were Chad Boat, Brad Loyet, Brad Kuhn, Tracy Hines and Matt Smith.

In early afternoon ceremonies, the National Sprint Car Hall of Fame and Museum inducted thirteen men into their Hall of Fame. 2009 inductees were Jackie Holmes, Cavino Michelli "Kelly" Petillo, Lee Elkins, Tommy Nicholson, Jac Haudenschield (Wooster, Ohio), Lee Osborne (Bluff Point, New York), Roger Rager (Pequot Lakes, Minnesota), Fred Rahmer (Salfordville, Pennsylvania), Rip Williams (Yorba Linda, California), Jack Elam (McKenzie, Tennessee), Louis Senter (Encino, California), Allan Brown (Comstock Park, Michigan) and Jim Chini (Palm Springs, California).

The 20th annual ceremonies were held at Dyer-Hudson Hall on the Marion County fairgrounds.

Prior to the racing activities, a moment of silence was observed for Chad McDaniel (Concordia, Kansas) who died as a result of a racing accident here on the previous evening. McDaniel was killed when his midget struck the tumbling car of Davey Ray (Davenport, Iowa) in the B Main.

Herrera makes it Three Wins at Knoxville

by Bob Wilson

KNOXVILLE, Iowa (May 30) Johnny Herrera took his second win in a row and his third on the season at Knoxville Raceway Saturday night. The win paid the Albuquerque, New Mexico driver \$3,000 for his efforts. Herrera started on the front row along side Skip Jackson and bested him out of turn two to take the lead which he never relinquished. Sammy Swindell also made a pass of Jackson on that initial lap and took up the chase of the leader.

Lap four saw fourth row starter Terry McCarl slide Swindell in turn two to take that spot away but Swindell stayed close to make it interesting. By lap five Herrera had extended his lead to nearly a full chute on the big half mile but one lap later the caution flag flew for a stopped car on the track erasing Herrera's sizable lead but saving him from a plethora of lap cars.

The restart saw Herrera keep the top spot with Swindell and McCarl struggling for the runner-up position. Two laps later the final yellow of the race was thrown for a spun car in turn four.

Herrera led McCarl, Swindell and Dusty Zomer back to green and to a track which had started taking rubber. This time Herrera did not pull away from his pursuers as the three afore mentioned drivers stayed right with him.

By the 15th go around, Herrera was once again facing lap traffic and working by those cars to near perfection. That same lap Swindell once again made a pass of McCarl which would hold till the end of the race. McCarl contested it but to no avail. And, on the final laps, Swindell pulled right to the rear of Herrera in traffic. On the final lap Swindell made one final charge for the top spot in turn three but Herrera denied him and pinched him off radically in that turn.

Herrera, Swindell, McCarl, Zomer and Jackson came across the finish line in that order. Forming the balance of the top ten were Mark Dobmeier, Lynton Jeffrey, Don Droud, Jr., Wayne Johnson (from 17th) and Billy Alley.

Brown cashes in for some Green at Knoxville Raceway

by Bob Wilson

KNOXVILLE, Iowa (June 6) Brian Brown finally put to sleep the gremlins that had forged a path through his pit area as he ran nonstop through the 20-lap feature Saturday night at Knoxville Raceway to capture his 13th career win at this Central Iowa fairgrounds.

Right away when the green flag started the feature event, Brown jumped from his pole position to grab the point with fellow front row starter Wayne Johnson on his heels. With a wide open track Brown set sail on the big half-mile oval. Johnson stayed close but was never successful in any of his maneuvers to take the lead away. By lap five Brown held a 10 car-length advantage.

It looked as though things might change when the front runners hit lap traffic on the ninth circuit. Brown was gutsy though and made several moves that helped him keep the lead. As Brown picked his way through the

traffic, third row starter Kerry Madsen had caught Johnson and had begun challenging for that position. While those two drivers fought for that spot, Brown began pulling away in his self-owned sprinter.

As the race neared its conclusion, Brown had created a huge lead. Lap 19 saw his advantage grow to an astounding half lap, the largest margin at Knoxville this year.

Just as he took the checkered flag, the red flag was thrown for Knoxville points leader Johnny Herrera who had crashed into the turn two fence while running seventh. At press time no explanation for the wreck was known. Herrera walked away from a badly bent machine.

Following Brown to the finish line was Madsen, who made a pass of Johnson on lap fifteen. Dusty Zomer was fourth and Josh Schneiderman claimed fifth. Completing the top ten were Mark Dobmeier who started 16th, Lynton Jeffrey, Davey Heskin, Don Droud, Jr. and Herrera.

In the companion 360 sprint division, Brett Mather led the entire distance in the M&P Motorsports Maxim to claim his fifth career win here. He started on the pole and was not headed in this non-stop 15-lap race.

What looked like a runaway win for Mather turned out to be fairly close at the end with Dennis Moore, Jr. making up most of the near-straightaway advantage of Mather. The big factor was lap traffic as Moore came within four car lengths at the end to register runner-up. Johnny Anderson, Nate Van Haaften and Gregg Bakker completed the top five. Jon Corbin, Jon Agan, Joe Beaver, Clint Garner and Ricky Montgomery (from the tail) formed the top ten.

In 305 winged-sprint action, Rob Kubli won his first career feature at Knoxville. Matt Stevenson, Marty Stevenson, Johnny Anderson and Steve Palmer completed the top five in the twelve lapper.

Brown and Cornell sweep to Mid-Season Knoxville Titles

by Bob Wilson

KNOXVILLE, Iowa (June 20) Knoxville Raceway celebrated its 56th Mid-Season Championships as Brian Brown and Jonathon Cornell captured feature titles here on Saturday night. The crowd was treated to near-perfect track conditions created by rain throughout the week.

Brown, who won here two weeks ago, started in the third row of the A Main but it was pole sitter Don Droud, Jr. who took the early lead in the 25-lap event. Droud led Brown for the first five laps as the Missouri driver quickly made up the distance between them. Lap six had just been completed with Brown narrowly showing the way when the first yellow was displayed for the stopped car of Austin McCarl.

Brown led the field back to the green but Droud was able to re-take the lead in turn two with a low line on the track. Again, Brown kept pace and finally after several very close laps Brown again took the point on the tenth go around. It was a lead he would never relinquish the rest of the way.

By lap 14 the leader had entered lap traffic but Brown was able to cut through it with precision to create a twenty car-length advantage. Meanwhile, behind him, Droud was fending off Bronson Maeschen, Billy Alley and points leader Johnny Herrera.

The second and final yellow flew because of a smoking oil fire on the machine of Mark Dobmeier who had

stopped at the backstretch pit entrance. When the race went green again Brown held his spot and rode it all the way to a \$3,500 payday. Droud held his spot for second, Alley was third, Maeschen showed a career best fourth and Herrera claimed fifth. Completing the top ten were Dusty Zomer, Lynton Jeffrey, Skip Jackson, Seth Brahmer and Josh Schneiderman.

In the companion 360 division, Jonathon Cornell won his first feature event at this historic half-mile race venue. He started in the third row but was never really a factor until about the half-way point of this 15 lap A Main.

Pole sitter Clint Garner took the immediate lead with Chad Humston right on his rear. Humston took the lead away on lap five and held it for two more circuits. That's when Garner retook the front spot as well as Humston's line around this huge oval. The fast line seemed to be high in turns one and two while running low in turns three and four.

Lap eleven saw the yellow fly for Ryan Roberts who had stopped on the track with a flat right-rear tire. He was not able to make it back out of the work area to race. Prior to this incident Cornell had gained the runner-up spot from Humston.

When the race resumed, Cornell slid Garner in turn two and grabbed the lead at the same time. Garner stayed close but he could not challenge Cornell's Maxim. Dustin Selvage finished in third and was followed by Jack Dover and Jon Corbin. Rounding out the top ten were Humston, Ricky Montgomery, Johnny Anderson, Gregg Bakker and Joe Beaver.

An additional program of 305 sprints saw Matt Stephenson take his first career win here at the Knoxville oval. Stephenson took the lead on lap 5 and was challenged to the end by Rob Kubli and Johnny Anderson.

McCarl shows WoO how to run the Knoxville oval

by Bob Wilson

KNOXVILLE, Iowa (June 27) Home-grown Altoona (Iowa) driver, Terry McCarl led flag to flag as he swept to a feature event win during the World of Outlaws (WoO) Knoxville Raceway Shootout. McCarl led the entire 25-lap event and did it in track record fashion.

McCarl, who started on the pole of the race, had his hands full during the opening laps with fellow front row starter Kraig Kinser. The two raced side by side for the first five laps with McCarl taking the low line and Kinser just a line higher with near-perfect track conditions. At lap five McCarl could claim a fifteen car-length advantage as the front runners were racing the big Knoxville half-mile oval in just over fifteen seconds per lap.

With no caution flags the top runners came upon lap traffic in a hurry and encountered the back markers on lap nine. That is when Kinser fought his way back into contention as did third running Lucas Wolfe. Behind this trio was Steve Kinser, Donny Schatz and Don Droud, Jr.

By lap 15, Kinser was only five car lengths behind the fleet McCarl due to heavy lap traffic. It stayed close like that for nearly five laps until Kinser became trapped behind several slower cars and McCarl was able to pull away once again.

Lap 20 saw both Steve Kinser and Schatz get around Wolfe as the 2008 WoO Rookie of the Year began to drift backward in the waning laps. A couple of laps later Schatz passed Steve as well as his son, Kraig. By this point in the race the reigning Knoxville Nationals champion was running out of laps.

McCarl came across the finish line some 20 car lengths ahead of Schatz for his 44th career win here placing him fourth on the all-time winners' list, just one ahead of the great Earl Wagner. Kraig Kinser held for third followed by Steve Kinser. Fifth went to Jason Sides who started 12th. Rounding out the top ten finishers were Jason Meyers, Wolfe, Johnny Herrera, Droud, Jr. and Tim Kaeding.

The companion division 360 sprints saw Clint Garner take his fourth feature event win here. Pole sitter Tasker Phillips lead the first three laps before Garner grabbed the point and lead to the finish.

The first four laps saw two red flag conditions as first Chad Humston crashed his sprinter when he experienced sudden pressure loss in a tire. Jon Corbin was the next victim when he crashed into the turn four fence.

On the restart for lap five, 360 Knoxville rookie contender Jonathon Cornell registered a fourth place position after starting 16th. That is all he would advance as the race went non-stop to the finish after that as Garner won going away.

Phillips placed a career best in second, Nate Van Haaften took a career best in third and Cornell finished in fourth. Dustin Selvage was fifth. David Hall, Matt Moro, Dennis Moore, Jr., Jon Agan and Gregg Bakker completed the top ten finishers.

A total of 35 360 sprinters and 41 410 sprinters competed on the evening.

Three in a row for Brown at Knoxville; Cornell and Anderson win 360s

by Bob Wilson

KNOXVILE, Iowa (July 4) Brian Brown captured his third win in a row at Knoxville Raceway Saturday night. In the 360 division, Jonathan Cornell and Johnny Anderson each won feature events during Twin Features night.

In the 410 feature, Davey Heskin utilized his pole position start to take a lead that looked to be a winner as he rambled around the big half-mile Knoxville oval. In the first half of the 20-lap race, his nearest pursuer was Bronson Maeschen. But no one was really able to keep pace with the leader who had amassed a 20 car-length advantage by lap ten. Two laps later, Maeschen's engine let go bringing out the yellow for the youngster who was in the runner-up position at that time.

When the race resumed, Brian Brown, who was now running second, gave Heskin all he could handle. For several laps the number one and number two cars ran side by side on this big oval turning laps in the fifteen seconds bracket as they raced.

Lap 17 proved to be the magic lap for Brown as he and Heskin came side by side past the flag stand with Brown taking the lap by mere inches. Once in front, Brown pulled away from Heskin to take the win by ten car lengths and gain his 15th career win here.

Heskin held for second, Terry McCarl was third, Mark Dobmeier took fourth and Kerry Madsen came across the stripe for fifth. Rounding out the top ten were Dusty Zomer, Wayne Johnson, Josh Schneiderman, Johnny Herrera (started 19th) and Skip Jackson.

In the first feature for the 360 division, a wicked series of tumbles down the front stretch by John Hall sent that driver to the Knoxville Area Community Hospital. His car was destroyed. Also involved in the melee was Jon Agan who was unable to continue due to the damage to his sprinter.

Pole sitter Matt Moro led the field back to green and he had company right away as fellow front row starter and 2009 rookie Jonathan Cornell did not allow Moro to get away from him in the 15-lap event. It was lap seven that Cornell slid him in turn three to take the lead away. One lap later the yellow was displayed for a stopped car on the track.

On the restart Cornell had too much for Moro as he began to pull away from him and the rest of the 20-car field. In the end, David Hall also passed Moro sending him to third at the finish. Tom Lenz and Randy Martin (started 12th) completed the top five finishers.

The second feature for the 360s saw a complete inversion of the finish of the first feature. Pole sitter Chad Humston was very strong and pulled away from the field only to have his sprinter go up in smoke after completing lap three. That incident gave the lead to Johnny Anderson for the restart and he was not to be passed on this night.

Lap nine saw sixth running Brett Mather strike the fence bringing out another red. When the race resumed, it was Anderson all the way to the checkered flags as Dustin Selvage crossed the stripe for second. Third went to Dennis Moore, Jr. who had started tenth. Completing the top five were Ryan Roberts and Jonathan Cornell, who had started sixteenth.

The third division on this July 4th evening saw 16-year-old Tasker Phillips capture his first win at Knoxville Raceway in 305 sprints. The Phillips' win is thought to make him the youngest driver to ever win a sprint feature at this historic oval*. He grabbed the lead on lap three and never looked back in the 12-lap event. Mitch Alexander, Bobby Mincer, Johnny Anderson and Rob Kubli were the top five finishers.

In trackside ceremonies during the evening, six new members were inducted into the Knoxville Raceway Hall of Fame. New inductees were Guy Forbrook, John Kearney, Glen Wignall, Scott Ritchhart and Tex and Pat Gaetrel.

* Kenny Weld was 17 when he won the 1964 Nationals.

Elston and Lettow are IMCA Harris Clash Wednesday Victors

by Bob Wilson

KNOXVILLE, Iowa (July 8) After the opening night of the 18th annual Harris Clash was washed out by a heavy shower at race time, the second night of the new format ran off without conflict as Tommy Elston and Matt Lettow captured feature events at Knoxville Raceway Wednesday night.

It had been 12 years since the Deery Brothers had brought the IMCA Late Models to this central Iowa track and the 35-lap feature event proved to be a good one for the fans. Right off the bat pole sitter Jason Frankel took the

lead and held it for six laps before the first caution flag. The yellow flagged incident was brought about when a car stalled up against the big Knoxville fences in turn three. Before the caution lights could come on, third running Barry Sorenson came flying into the turn and had no where to go except to crash into the stalled car.

When the race went green again, Jeff Aikey gave Frankel all he wanted and when they flew by the flag stand on lap seven, Aikey had the narrowest of leads. At the end of ten circuits Aikey could only manage a two car-length lead over the runner-up car. The two cars stayed close for the next twenty laps with Frankel always looking for Aikey to make a mistake. Through lap traffic over the course of nearly the entire distance there was never much of a gap between the two.

It was ten laps from the finish that Elston drove into the picture from his fifth row start. Little by little he began to cut into the lead of the first and second place cars. With a late race yellow and only a few laps to go, Elston was in a perfect spot to make a run at the leaders.

Lap 33 saw him take the low route in turns one and two to get past Frankel. The next lap Elston did the same as he disposed of Aikey for the lead. With just a half mile to go, Elston actually began to pull away from his nearest challenger, Aikey.

At the pay window Elston collected \$2,000 for the win as Aikey took home \$1,500 for second. Third paid \$1,200 to Frankel while fourth running Fred Remley pocketed \$1,000. Rob Toland was fifth.

The Second annual Sport Mods feature turned out to be a 4-car race from beginning to end. The 15-lap race saw only two leaders for the distance with Matt Lettow taking the win. Through two yellows he kept the top spot to place his Sky Rocket chassis in Victory Lane. He was chased most of the distance by Kevin Sather, who finished second and Austin Kaplan who took third. Rounding out the top five were Nate Chodur and Brett Moffit.

Knoxville Sprint Features go to Herrera, Madsen and Cornell

by Bob Wilson

KNOXVILLE, Iowa (July 11) Knoxville Raceway celebrated twin features for the 410 sprint division as Johnny Herrera and Kerry Madsen each captured his own end of a twenty lapper. Jonathan Cornell was victorious in the 360 A Main Saturday night as that division ran the twin event one week ago.

The first twin feature saw Brian Brown dominate that event from the outset but just as he completed one lap an ugly 6-car pile up occurred in turn one. The cars of Tim Kaeding, Chad Kemenah, Josh Higday, Billy Alley, Wayne Johnson and Mark Dobmeier were involved. No major injuries were reported. Only Alley was able to continue after repairs.

When the race was restarted, Brown picked up from where he left off as he circled the big half-mile oval on the top side. Herrera made a pass of second place Dusty Zomer on the restart as Calvin Landis trailed.

Lap six showed Brown with a lead of the entire front stretch as he had pulled away from the field. Two laps later ominous smoke began to pour out of Brown's sprinter in the turns, yet Brown continued to pour it on.

It was lap 16 that saw Brown's engine expire as he headed through turns three and four bringing out the yellow. Once his car was pushed off the track and into his pit stall, his crew began the task of changing the engine for the second feature.

In the end it was Herrera who inherited the lead as Dusty Zomer and Terry McCarl traded slide jobs all the way to the finish line. It marked Herrera's 14th career win here. McCarl took the runner-up spot, Zomer was third, Brook Tatnell claimed fourth and Don Droud, Jr. drove all the way from an 18th starting spot to finish fifth.

The second 20-lap feature saw the complete inversion of the first one as pole sitter Josh Schneiderman was the early front runner. Most of the bottom of the track was gone so the leader placed his sprinter on the high cushion which was so close to Knoxville's tall fences and cruised what would be a 5/8-mile track.

Fourth row starter Kerry Madsen was on the move having taken over the runner-up spot on the sixth go around. Soon, Madsen had cut Schneiderman's vast lead to 10 car lengths and on the tenth circuit he took the lead for good. Madsen had a short tussle with Schneiderman but the ensuing laps saw him begin to pull away.

A final yellow greeted the leaders on lap fifteen as second running Schneiderman slowed to a stop with a flat tire. He could not make it back out onto the track.

With only five laps to go, Madsen was in complete control of the event and went on to win his 16th career feature by a full front chute over fourteenth starting Herrera who had been in a vicious battle with McCarl for that finishing spot. Kaley Gharst was fourth and fifth went to Droud.

The 360 division saw 21-year-old Jonathan Cornell dominate that 15 lapper. The track rookie started fifth and had the lead by lap two. Although he was never challenged, Dave Hall trailed him throughout the contest to finish second. Third went to 13th starting Clint Garner. Also making a huge move from the 11th starting position was Dennis Moore, Jr. who took fourth. Dustin Selvage finished fifth.

Fans were treated to a huge fireworks display once the trophy presentations were over.

Where's the Beef at Knoxville Sprint Car Fair Date?

by Bob Wilson

KNOXVILLE, Iowa (July 18) The Marion County fair board, in celebration of the annual Marion County Fair, gave away half a beef and half a hog each to the winners of the 410 and 360 A features at the Knoxville Raceway Saturday night. Taking home the bacon were Johnny Herrera (410s) and Ricky Logan (360s) at the

end of the night.

In the 410 feature event, it looked as if the “beef” would be going back to Sioux Falls as Dusty Zomer ran off and ran away from the entire field. After starting in the second row, he fought with Skip Jackson for the lead and nipped the Aussie pilot at the line on lap one. After that, he placed his sprint on the top and roared away from the 20-car field. At the half-way point of the 20-lap feature he had zoomed to a full chute lead on the big Knoxville half-mile oval.

Meanwhile, Herrera, a four-time winner already this year here, was slowly picking his way forward after starting tenth. At that half-way mark he had worked his way up to the third spot on the scoring sheets. On lap twelve, Zomer’s huge margin diminished to near-zero as the yellow came out for a car stopped on the track.

On the restart, Zomer pulled away again from second-place runner Davey Heskin. Herrera made his pass of Heskin on the 14th go around but by then Zomer had set sail and was gone from sight.

Lap 18 saw the bottom fall out for the front running Zomer. As he exited the fourth turn his car suddenly became unwieldy and he nearly hit the inside guard rail. He crossed the start/finish line in the lead but he had definitely slowed. As he hit turn one, Herrera passed him with ease as did Bronson Maeschen as they headed out of turn two. Somehow his car came alive again but it was too late to catch the two sprinters that had passed him. He later remarked that something had locked up on his car.

Zomer’s misfortune allowed Herrera to take first with Maeschen gaining the runner-up spot. Fourth went to Jackson and fifth to Heskin. Completing the top ten were Don Droud Jr., Chris Morgan, Brian Brown (from 12th), Mark Dobmeier (from 19th) and Lynton Jeffrey (from 17th).

Logan, a pole starter in the 360 feature, took the lead at the outset and was fast on the bottom. Logan too had the field covered on this night as he swept to a near-chute lead by lap three. His nearest challenger was Dennis Moore Jr. who had started sixth.

As the race continued the margin the leader had over his nearest competitor only increased. Finally when he hit lap traffic on the eighth circuit, the gap equalized and the margin began to very slowly diminish. Finally on the tenth lap Logan became impeded in heavy traffic and it looked like Moore might cut into the huge lead. However, a yellow came out with two laps to go for Brooke Tatnell who had stopped on the track and it was that incident that forced the cars together once again.

On the ensuing restart, Moore stayed close but could not attempt a pass of the Logan machine. At the finish line it was only a five car-length gap between those two cars. Finishing third was Dustin Selvage and fourth went to 12th starting Clint Garner. Randy Martin was fifth.

The companion 305 winged sprints saw Tim St. Arnold grab his first feature here in that division. Rob Kubli held the lead for the first five circuits before St. Arnold caught and passed him. St. Arnold then went on to easily take the event. Trailing at the finish were Matt Stevenson, Johnny Anderson, Mark Widmar and Mitch Alexander.

Zomer Zooms; Agan wins first at Knoxville

by Bob Wilson

KNOXVILLE, Iowa (July 25) Last week Dusty Zomer lost a brake caliper and lost the lead with two laps to go. This week he won going away at Knoxville Raceway Saturday night. Jon Agan finally notched his name into the win column after coming close on numerous occasions during his career in the 360 division.

In a 20-lap feature event that saw a 12-car invert, Zomer ran fifth until a yellow came out on the eighth lap. Prior to that, Ricky Logan had dominated the race and was pulling away from the field. The yellow for a minor 2-car incident, sent both of those cars to the pits and negated Logan's great lead and bunched the field into single file order.

On the restart, Zomer soon caught and passed third running Brian Brown. On the next lap, Zomer did the same to second running Skip Jackson. He was closing on Logan when the caution came out on the thirteenth go around for a spun car.

When the race was restarted, Logan chose the bottom of the big half-mile oval and Zomer took to the top (a 5/8th-mile distance). Coming out of turn four, Zomer had the momentum and the lead for that lap. Logan stayed on the bottom in an attempt to recapture the lead but was not successful. By lap 16 the young Sioux Falls driver was checking out on the field.

Yet one more yellow awaited the leader on the 18th lap. When the race resumed, no one could challenge Zomer's Gifford J & J and he came across the stripe for his third career win here. All the action was behind him

as Kerry Madsen had driven from 12th to make a final lap pass of Jackson to take second and 21st starter Terry McCarl managed a final turn pass of Brown to gain fourth. Following Brown were Bronson Maeschen, Johnny Herrera, Josh Higday, Jesse Giannetto and Josh Schneiderman.

Agan's win in the Burnham Maxim was hard fought as he led the distance after lap two while starting sixth. In fact, he had just gained the top spot when the red flag was thrown for a hard, 2-car crash in turn four. Mike Houseman Jr. was taken out when Dennis Moore Jr. jumped the cushion and collided with him as the two shot into turn four. Both cars went through a series of wild flips before coming to a halt. Houseman's car almost immediately burst into flames. Fire crewmen were quickly on the spot and doused the fire, but Houseman did go to the Knoxville Area Community Hospital for attention to some minor burns.

The restart saw Clint Garner, who started beside Agan in the third row, take second place and pick up a great pace in an attempt to pass the Agan machine. Agan, who had found success in this race on the bottom, kept his line while Garner took his momentum to the top. Lap after lap Garner chased in that manner, some laps right on Agan's tail while others found him slightly off the pace.

In the end, in lap traffic, Agan edged Garner by the distance of half the length of his sprint car in a nail biter. Third went to Jonathan Cornell and fourth went to Hard Charger Dustin Selvage who had started 17th. Quick timer Ryan Roberts finished fifth. Completing the top ten were Nate Mosher, Johnny Anderson, Chad Meyer, Dave Hall and Gregg Bakker.

The 305 sprints completed their series of appearances at the Knoxville oval with Marty Stephenson taking the win, his first at this track. He took the lead at the outset, relinquished it to Bob Lamb for five laps and then kept to his game plan on the cushion to take the final two laps and the win. 16-year-old Tasker Phillips finished second, Lamb was third and brother Matt Stephenson was fourth. Mark Widmar completed the top five.

Noteboom is Harris Clash Star at Knoxville

by Bob Wilson

KNOXVILLE, Iowa (July 28) Jay Noteboom of Hinton etched his name into the record books as he captured the 18th annual Harris Clash at Knoxville Raceway Tuesday night.

Noteboom, who started inside row two, took the lead at the outset and claimed lap one only to meet a yellow for a spun car on lap two. That lap was totally disastrous as a huge pileup took place at the turn one fence while a second skirmish happened in turn two. When all was said and done, only 21 cars restarted.

Once the carnage was picked up and the race restarted, Noteboom continued his lead only to lose it on the next go around to Jeremy Mills. He was able to control the lead position until Noteboom once again passed him as they ran out of turn four of lap seven.

After that position change, Noteboom held the top spot to the end but not without contention. At that point it was Mills who laid the tin against the leader. With ten laps down, 16-year-old Nate Caruth had moved to third

(after starting 15th) but was some distance behind.

Noteboom kept glued to the bottom while Mills began searching for a way to get around him. With Mills trying different lines, Noteboom was able to start pulling away as nothing Mills tried really worked.

It was lap 17 which saw Caruth challenging Mills for the runner-up spot and two laps later he had that position. After that he began to slowly eat away at the lead Noteboom had built.

With time and laps running out, Caruth finally made a bid on lap 24 but Noteboom was able to fend him off in his Harris chassis modified on the bottom. In the end, Noteboom took the win by a mere two car lengths over the youngster. Mills held for third, Mike Long was fourth and Todd Schute, who started beside Caruth was fifth.

Heat race winners were Al Hejna, Jeff Jones, Mills, Long, Bill Davis Jr., Josh Gilman, Alex Hanson and Noteboom. The four B-Main winners were Nick Deal, Jeremie Hedrick, John Logue and Adam Larson.

McCarl and Garner take Knoxville wins as the Big Shows loom

by Bob Wilson

KNOXVILLE, Iowa (August 1) Terry McCarl and Clint Garner took feature event wins at Knoxville Raceway Saturday night. For McCarl, it was his career win number 45 here and it was Garner's fifth at this legendary speedway.

McCarl, who is prepping for a run at the 49th annual Knoxville Nationals in two weeks, led the event from beginning to end. His pole position start was helpful but did not mean that the win would be a certainty. At the outset, McCarl was challenged by fellow front row starter and current Knoxville Raceway points leader Johnny Herrera. When five laps were in the book, McCarl had created a near-straightaway lead on the big half-mile oval. Herrera was fending off the moves of Brian Brown and Dusty Zomer in fourth. Four laps later McCarl entered lap traffic but Herrera was unable to make any headway in paring down the lead of the fleet Big Game sponsored car in front of him. Lap twelve saw a yellow fly for a stopped Skip Jackson.

On the ensuing restart, Herrera seemed to have trouble handling his sprinter and jumped the cushion in turn two allowing Brown and Alley to get by. Herrera came on around as several more cars passed him and he finally stopped in turn four with a flat right rear tire. He was unable to continue and finished 23rd.

When the race resumed, McCarl again picked up the pace as Brown stayed right with him as did Alley. A little further back Dusty Zomer had his hands full with Kerry Madsen. Two drivers making hard charges in these final stages were Don Droud Jr. and Wayne Johnson.

In the end, McCarl took the race by a ten-car length margin over Brown with Alley, Zomer and Madsen following. Completing the top ten were Droud, Johnson, Shane Stewart, Randy Hannagan and Gary Brazier.

In the 360 feature, Clint Garner warmed up for the 19th annual 360 Nationals to be staged here next week. Garner, a front row starter chased pole sitter Ryan Roberts for two laps before passing him on the third go around. On a track that remained "racey" all night long, the leader did not pull away from his challengers during this 15-mile jaunt.

Lap six saw Jonathon Cornell replace Roberts in the runner-up spot as he began to chase down the Garner machine which was running the high cushion. Slowly Cornell closed the gap until lap eleven when he took the point as he followed his line on the low side of turns three and four. Immediately Garner picked up his pace and recaptured the lead on the next circuit. He held that spot to the end to place his sprinter five car lengths ahead of Cornell at the finish. Roberts was third, Dennis Moore Jr. took fourth and Brett Mather was fifth. Dustin Selvage, Johnny Anderson, Jon Agan, Gregg Bakker and Randy Martin (from 17th) completed the top ten finishers.

Wayne Johnson wins opening night qualifier for 360 Knoxville Nationals

by Stacy Ervin

Wayne Johnson hasn't exactly had the best racing season of his career in 2009. But he made up for that with a win in the opening night qualifying event for the 19th Annual Arnold Motor Supply 360 Knoxville Nationals presented by Vermeer.

The win came in the ASCS sanctioned event at the Knoxville Raceway on Thursday, August 6, and was worth \$3,000. It was a good start on his quest to be the first driver to win this event three times.

Johnson started fifth, ran down early leader Shane Stewart and took the lead at the halfway point in the Fattfro Maxim.

There was lots of drama before this 20-lap race ever got going. Dale Blaney was scheduled to start sixth but could not get his car to fire and stayed in the infield when the green dropped. However, a flip by Matt Covington in turn one on the start brought out the red flag. Matt Moro was also involved. Eric Baldaccini also made a trip to the work area to check his car over as he drove between the two. Blaney's crew gambled and changed an MSD box, but the car still would not fire.

Stewart, who started third, took the early lead when the race went green. But the yellow soon returned when Moro stopped in turn three after two laps. After the restart, Johnson made his way to third. The next time around, he made his move to second.

The yellow came out again at lap eight when Lee Grosz spun in turn one. When the race resumed, Stewart led a lap and then Johnson put a slide job on him in turn one to take the lead at the halfway point.

From there, Johnson never looked back, as he came into lapped traffic at lap 16. It wasn't an easy route to victory lane though, as Justin Henderson slowed to pull into the pits just as Johnson was coming off of turn four to the checkered flags. No contact was made, though, and Johnson went on to the win.

Stewart held on for second. Billy Alley charged up to third.

Billy Alley posted the fastest time trial of the night's 52 competitors at 16.142. Heat races were won by Nate Van Haaften, Wayne Johnson, Kaley Gharst, Shane Stewart and Jon Agan. Brad Barickman won the C-Main. Johnny Anderson won the B-Main.

McCarl wins second qualifying night of 360 Knoxville Nationals

by Stacy Ervin

Terry McCarl only led one lap of the 20-lap main event but it was the only one that really counted. The Iowa native won the second qualifying event for the 19th Annual Arnold Motor Supply 360 Knoxville Nationals presented by Vermeer.

The win came in the ASCS sanctioned event at the Knoxville Raceway on Friday, August 7. The victory was worth \$3,000.

Polesitter Brian Brown led the first 19 laps, leaving all the other action in his dust. Early in the race, McCarl, who started seventh, had to pick his way through fast competitors who were racing each other with a vengeance.

Outside front-row starter Travis Rilat held second until Gregg Bakker began giving serious chase. However, the yellow flag came out at lap four when Ben Gregg and Don Young got together in turn one. Zach Chappell also came to the work area at that time with a stuck throttle. Also at that time, a light sprinkle began to fall over the speedway.

When the race resumed, Brown again jumped out to his lead while Rilat and Jack Dover exchanged second spot each lap until Dover slowed at lap 10 with a mechanical failure.

After that yellow flag, Brown got the lead again but McCarl put a slider on Rilat for second. McCarl began to make a serious charge on Brown at lap 16. Lapped traffic played a factor when the laps wound down.

Brown looked to be on his way to victory, but when he came out of four to the checkered flags, McCarl made his move and it paid off in a big way.

Cale Conley set the fastest time of the night's 59 competitors with a lap of 15.973. That was a new track record for one lap of 360 racing. Jack Dover was the first car to come out for time trials and the first to break the track record with a 15.977. Those were the only two drivers under the previous record and the only two to turn laps in the 15-second bracket for this event.

Heat races were won by Zach Chappell, Ryan Roberts, Dusty Zomer, Tim Crawley and Ben Gregg. Joe McCarthy won the C-Main, but then went for a flip at the beginning of the B-Main. Cale Conley won the B-Main.

McCarl wins 19th Annual 360 Knoxville Nationals

by Stacy Ervin

Terry McCarl had a storybook kind of night. He won the main event in the 410 division and a little while later, he became the first driver in history to win the 360 Knoxville Nationals three times.

The Iowa native won the 19th Annual Arnold Motor Supply 360 Knoxville Nationals presented by Vermeer. The win came in the ASCS sanctioned event at the Knoxville Raceway on Saturday, August 8, and was worth \$10,000.

McCarl led all 25 laps of the A-Main, jumping out to the lead from his outside front-row starting spot when the race went green.

The first caution period came on lap four when Dustin Daggett spun and Matt Covington got into him. Danny Wood and Chuck Swenson also stopped at that time.

McCarl came into lapped traffic at the ninth circuit and that allowed polesitter Billy Alley to make a charge. But fourth starter Wayne Johnson made his own charge on Alley in lapped traffic by lap 13. Those two ran each other hard until Johnson skimmed the turn one fence and lost ground a couple laps later.

The red flag came out on lap 20 when Shane Stewart got too high, hit the fence in turn four and tipped over. He had been running fifth at the time. Cale Conley and Davey Heskin, who had been 11th and 12th at the time, were sent to the pit area for driving past the accident scene. Also at this time, Sam Hafertepe Jr. was diagnosed with a flat left-rear tire while running fourth.

On the restart, McCarl got right back to his lead while Johnson and Alley nearly got together in the fight for second. It looked like another yellow would come out when Hafertepe finally lost his flat tire, but he made it safely to the pit area.

From there, McCarl was gone and Johnson and Alley continued their battle for second. At the checkered, it was Johnson who took second and Alley settled for third.

Matt Covington led all 15 laps to win the B-Main. Jonathan Cornell led all 12 laps to win the C-Main. Paul McMahan led all 10 laps to win the D-Main. Alan Zoutte led all eight laps to win the E-Main.

McCarl grabs “Warm-up” Nationals feature at Knoxville Raceway

by Bob Wilson

KNOXVILLE, Iowa (August 8) Terry McCarl was on a roll at Knoxville Raceway Saturday night as he swept to a 20-lap feature event win in the “warm-up” before the Nationals at this central Iowa race facility. “TMAC” also won the 19th annual 360 Knoxville Nationals on this night as he could claim \$13,000 for his efforts at the Knoxville track. The Nationals win was his third in the nineteen years of the event.

Starting beside pole sitter Brian Brown, McCarl chased the fleet Missouri driver on the big half-mile oval. Four yellows plagued the event with the first coming on lap six followed by another on lap seven. Both cautions were for cars that struck the front stretch wall. On each restart, Brown was able to fend off any McCarl challenge.

It was on the ninth lap that McCarl slid Brown in turns one and two to take the lead during that single file start. Once in front he would not be denied this 46th career win on Knoxville soil and the \$3,000 that went with it.

Lap 12 saw the third yellow of this race as Toni Lutar spun at the track pit entrance. Also at that same point, McCarl had just entered lap traffic.

Leading the field back to a single file restart, McCarl again shot away from Brown as Skip Jackson trailed. "TMAC" had built a 20 car-length advantage when the final caution of the night was shown, this time for Kaley Gharst who had stopped on the track.

The final four laps would be all McCarl as he flew his car past the finish line while Brown was exiting turn four. Johnny Herrera passed Jackson on that final restart to take third while Billy Alley had a gamey race to finish fifth after starting sixteenth. Completing the top ten finishers were Davey Heskin, Mark Dobmeier, Lynton Jeffrey, Paul McMahan, and Cody Darrah.

Shaffer survives the storm to win opening night of 49th Annual Knoxville Nationals

by Stacy Ervin

A racing surface plagued with rain shook things up at the opening qualifying night of the 49th Annual Super Clean Knoxville Nationals presented by Lucas Oil at the Knoxville Raceway in Knoxville, Iowa. Pennsylvania's Tim Shaffer was the winner on the race night courtesy of NOS Energy Drink. His win was worth \$12,000.

The race was scheduled for Wednesday, August 12, but was actually completed at 2:30 a.m. on Thursday. Just before hot laps were set to begin, a heavy rain shower popped up over the speedway and produced about 45 minutes worth of rain. That set off a four-hour delay while track crews worked on the wet, muddy surface. Time trials for the night's 50 competitors began at 11:22 p.m.

Shaffer started fourth in the night's 25-lap A-Main and followed polesitter Jason Johnson for the majority of the race. The first attempt at a start had contact being made in turn one and a yellow flag for a slowing Daron Clayton. Shane Stewart also came to the work area at that time.

When the race went green again, Johnson got out to the lead, while Donny Schatz, who started 21st, got a huge run down the high side of the frontstretch and came up to 14th place.

Johnson entered lapped traffic at lap six, allowing Lucas Wolfe, Shaffer and Craig Dollansky to close. On the 11th lap, Shaffer got second and closed on Johnson in heavy traffic. The top pair nearly touched in turn four coming to the 14th lap.

On lap 18, Shaffer pulled beside Johnson at the flagstand. He made the pass stick after that and took the lead. However, the race changed dramatically on the 20th lap, when John Lambertz and Greg Hall got together in turn four right in front of the leaders. When Johnson checked up, third-place runner Dollansky took drastic measures to avoid him but ended up hitting Hall and flipping.

Another yellow was displayed on the restart when Austin McCarl slowed down the backstretch with no brakes. That was a huge break for Dollansky, whose crew and many others had worked feverishly to return him to the race. As they had tried to push him off following his red flag, the left front wheel collapsed and he was stuck in the work area for the restart. With McCarl bringing out another caution before a lap was completed, Dollansky was able to make it back out.

The race stayed green from there, with Shaffer leading the last five laps and gaining the win for his happy car owner, Janet Holbrook. Johnson held on for second over Sam Hafertepe Jr., Chad Kemenah, Wolfe and Danny Smith. Schatz charged up to seventh.

Cody Darrah set the night's fastest time trial at 14.547. Exactly half of the field turned laps in the 14-second bracket. The first heat race pushed off at 12:15 a.m. New this year the heat races featured an eight invert rather

than a complete 10. Heat-race winners were Garry Brazier, Calvin Landis, Daron Clayton, Justin Henderson and Jack Dover. Erin Crocker won the C-Main, setting a new track record for six laps, the first record held by a female driver here. Donny Schatz won the B-Main.

Kaeding wins second qualifying night of 49th Annual Knoxville Nationals
by Stacy Ervin

Tim Kaeding proved that the number 83 and the name Tim are lucky this week.

The California driver won the second qualifying night of the 49th Annual Super Clean Knoxville Nationals presented by Lucas Oil on Thursday, August 13, at the Knoxville Raceway in Knoxville Iowa. The win was worth \$12,000 for his Roth racing team.

The Wednesday night qualifier was won by Tim Shaffer driving an 83X. But Kaeding's win in his 83 came at 11 p.m. on Thursday, while Shaffer and the other competitors on his night had not even begun qualifying by 11 p.m. on Wednesday due to rain.

Dry conditions blessed the racing surface on Thursday night and Kaeding started third in the 25-lap main event. He chased polesitter Dusty Zomer early in the race and held off a late-race charge by Kraig Kinser.

Before the race got started, Billy Alley came to the work area with motor issues and was relegated to start in the back. When the race went green, Zomer got out to the lead. But the yellow flag came out after the original start when Jac Haudenschild spun out on the frontstretch after making contact with other cars. Alley returned again to the work area at this time.

That set up a complete restart, but Zomer got out to the lead for a second time and the race went green to checkered from there. By lap four, Zomer, Kaeding and Kinser broke away from the rest. Kaeding made a move for the lead on lap six with Kinser hovering just behind. But Zomer held the point as they entered lapped traffic at lap eight.

By lap 10, the leaders were in heavy traffic and Kaeding was extremely close to Zomer. As they came out of turn four to lap 11, they went three wide with a lapped car and Kaeding came out with the lead under the flagstand.

Shortly after, Kinser got around Zomer for second, but by that time Kaeding had distanced himself by using traffic to his advantage. Kinser worked his own way through traffic and closed on Kaeding with two to go, but just ran out of time in his quest to chase down the leader.

Joey Saldana was third, Stevie Smith fourth, Tyler Walker fifth and Terry McCarl sixth. Zomer slipped back to seventh.

Dale Blaney was the fastest of the night's 57 competitors in time trials, turning a lap of 15.056. Heat races were won by Brian Brown, Ricky Logan, Chad Meyer, Stevie Smith and Lynton Jeffrey. Tony Bruce Jr. won the C-Main. Steve Kinser won the B-Main.

Swindell Drives It Like He Stole It at Friday Main at 49th Annual Knoxville Nationals

by Stacy Ervin

The 1983 Knoxville Nationals champion proved he can still drive it like he stole it and that's what Sammy Swindell's wife, Amy, reportedly told him in victory lane. And a few seconds later, he promised the crowd he would "run the hell out of it" on Saturday's finale.

The Tennessee driver won the Friday qualifying feature at the 49th Annual Super Clean Knoxville Nationals presented by Lucas Oil on Friday, August 14. The win was worth \$5,000. It was his 42nd win at the track.

Swindell made an amazing run in the 20-lap feature, starting ninth and chasing down the early leaders even after a puff of smoke showed off his car in one of the opening laps.

There was a red flag on the first start when seventh starter Erin Crocker got sideways in turn one. Travis Rilat made contact and the two flipped. Austin McCarl backed into the melee. He was the only one of the three able to restart.

When the race went green again, polesitter Daryn Pittman grabbed the lead. The yellow flag came out on lap two when Matthew Reed's car went up in smoke.

From there, the race stayed green for the distance, with Pittman leading the first 11 laps. Having entered lapped traffic on that lap, Brad Sweet closed fast on Pittman. Sweet took the lead down the backstretch coming to lap 12. But a circuit and a half later, Swindell had stormed to second.

Coming to lap 15, Swindell put a similar move on Sweet down the backstretch and took the lead. Sweet stayed close for a while, but the extreme high groove was the fast way around and he could not get the lead back.

Instead of heat races this year, the night started off with three B-Mains. They were won by Daryn Pittman, Tony Bruce Jr. and Brad Sweet.

The night also featured Scrambles for the top 10 drivers qualified for Saturday's A, B and C mains. Ryan Anderson won the C Scramble. Skip Jackson won the B Scramble. Donny Schatz won the A Scramble.

The racing ended with the 20-car, 20-lap Digital Delivery Networks Knoxville World Challenge invitational. The \$10,000 to win race featured drivers who qualified in various selected events in the United States, Canada and Australia. This was the 16th annual event and featured the largest field ever.

Lynton Jeffrey, originally from Australia but living in Iowa for some time, started third and led the distance, leaving a ton of great racing action in his dust. American Shane Stewart started 13th, made a tremendous run and stole second in the last corner over Australian Kerry Madsen and American Terry McCarl.

Schatz makes it four in a row at 49th Annual Knoxville Nationals

by Stacy Ervin

Donny Schatz finished second four times at the Knoxville Nationals and now he can call himself a four-time champion.

It took an extra day but the Fargo, North Dakota, driver made it four in a row, winning the 49th Annual Super Clean Knoxville Nationals presented by Lucas Oil at the Knoxville Raceway in Knoxville, Iowa. The win was worth \$150,000.

The race was originally scheduled for Saturday, August 15, but a heavy rain pelted the speedway just after Saturday's C-Main had finished around 10:20 p.m. The B-Main and the A-Main were then postponed to Sunday night, August 16. This was the sixth Sunday Nationals finale in the 49-year history of the event.

This year's championship main was historic because it was the first time in history that 40 laps were run and the race included a fuel stop. Nationals championships in previous years had been 30 laps.

Schatz started sixth in the race and steadily marched his way toward leader Joey Saldana. Early in the race, Saldana, who started outside the front row, battled polesitter Stevie Smith.

Saldana led the first lap, with Smith getting the best of him in turn two the next time around. However a yellow flag came out when Jason Meyers slowed on the track in turn two. He came to the work area with a flat right front tire.

After that, Saldana kept the lead through the majority of the race. He was just coming to lapped traffic at lap eight when the yellow returned for Meyers, who had blown out his right rear tire in turn one just in front of the leaders. Meyers also had top wing damage and a broken shock, so his crew was not able to complete the work in time for him to restart.

The second driver to fall from the race was Brian Brown, who brought out the yellow on lap 10 with mechanical troubles. He did not restart. Sam Hafertepe Jr. also came to the work area to change a tire.

Just before that caution came out, Steve Kinser thrilled the crowd when he did a major wheelstand in turn two and never got off the throttle. This was after contact with Tyler Walker.

When the race returned to green, Saldana again led and Smith closed on his bumper when they came back to lapped traffic at lap 18. Lapped traffic proved hard on Smith though and Schatz began to close on him.

The historic fuel stop was made on lap 22, at the same time Hafertepe pulled into the pit area to call it a night.

After refueling, Saldana again ran away with the lead and Smith again closed on him when he entered lapped traffic at lap 29. On lap 32, Schatz began to show his muscle, going three wide with Smith and a lapped car. Another lap later, he was in second place and closing fast on Saldana.

Coming to the line at lap 35, Schatz nearly touched a lapped car in the fourth turn but came out with the lead. From there, he pulled away from the second place battle. Saldana held on for second and Smith was third.

In victory lane, Schatz said he gave "120 percent more than my body can take." He noted the significance of his J&J race car's special paint scheme this week honoring Mario Andretti.

Schatz noted during the first 20-lap segment he just sat back to see what he could do. During the fuel stop, he continued to contemplate what he could do as a driver. He noted he needed lapped traffic to force Saldana into a couple of mistakes and take advantage.

The 22-lap B-Main was won by polesitter Jac Haudenschild of Wooster, Ohio. He waged a torrid battle on the opening laps with third starter Chad Kemenah. Haudenschild led the first lap but Kemenah beat him to the flag stand on the second lap. Just then, the yellow flag came out for a spinning Justin Henderson in turn four. When the race restarted, Haudenschild, Kemenah and Jason Johnson went three wide for the lead, with Kemenah keeping it another lap. From lap four on, it was all Haudenschild. Jason Meyers came from 11th starting spot to get second and Danny Lasoski came from 17th starting spot to get third. Jason Johnson, who started outside the front row, held on for fourth.

The 15-lap C-Main was won by Wayne Johnson, an Oklahoma native now calling Knoxville home. He started outside the front row and got the jump on polesitter Billy Alley in a race that went green to checkered. Just after this race ended, a heavy rain pelted the speedway at about 10:20 p.m. At 10:44 p.m., Race Director Ralph Capitani announced that the B-Main and A-Main would be postponed to Sunday night.

The 12-lap D-Main was won by Kaley Gharst of Decatur, Illinois, who led the way from the pole with a smoking machine. This race was halted after the fifth lap when Ricky Montgomery went for a nasty series of flips in turn two and took a trip to the local hospital. As rescue crews were working with him, a moderate rain shower began to fall over the speedway and that set up an hour and 20 minute rain delay.

The 10-lap E-Main was won by Bill Rose of Plainfield, Indiana. He started outside the front row and led the distance from green to checkered.

The award for Best Dressed Crew went to Greg Hodnett's team. Second place was Lance Dewease's crew and third place was Mark Dobmeier's crew.

Daron Clayton of Sikeston, Missouri, was named Rookie of the Nationals. Terry McCarl was named the Southern Iowa Sprint Week Mr. Sprint Car for amassing enough points through all the nights of racing in the past two weeks.

McCarl picks up win number 47 at Knoxville Raceway

by Bob Wilson

Knoxville, Iowa - August 29 – Terry McCarl captured career win number forty-seven at Knoxville Raceway Saturday night as this central Iowa track neared the end of its 56th season of weekly racing. Dustin Selvage was the winner in the 360 division and Matt Stephenson was successful in the 305s

The 20-lap 410 feature saw Rager Phillips in control for the first nine laps as he utilized his pole position start to grab the top spot. For four laps he was chased by Tony Bruce, Jr. but behind those two drivers several cars were moving forward.

By lap five, Terry McCarl had moved to the runner-up spot after starting ninth. On lap ten a yellow was displayed for a stopped car and on the restart McCarl took the point away running into turns one and two. Behind those two sixth starter Johnny Herrera had moved to third.

McCarl, once in the lead, began to pull away as he liked the bottom in turns 3 and 4 and the top in turns 1 and 2. As he neared the end, he rode the cushion all the way around this big half-mile oval.

Lap 17 saw the final yellow as Austin McCarl slowed to a stop in turn one. At this point TMAC had created nearly a full chute advantage.

When the race was restarted McCarl again pulled away and swept across the finish line as second place Herrera roared out of turn four. Completing the top five were Phillips, Lynton Jeffrey and Brian Brown (from 13th).

The 360 A Main saw the pole sitter, Jon Agan, roar out to the lead at the start of the 15-lap event. Chasing him closely was Dustin Selvage. A yellow on lap 5 for a stopped car again bunched the cars for a single file restart.

Again, Agan kept the point with Selvage in close quarters and Jonathan Cornell chasing in third. On lap eight fourth running Dennis Moore, Jr. lost an engine and brought out the second caution.

On this restart Selvage was able to take the lead as he shot out of turn two on the high side. Agan made a fight of it but could not regain his spot. As the laps wore on Selvage began to pull away from the field.

It was just as the white flag was flying that a most strange incident occurred. As Selvage flew by the flag stand for the final lap, the right side panel tore apart from the wing. A portion of it struck flagman Justin Clark and he fell to the back of the flag stand as the race quickly went red. He was momentarily stunned but was able to get to his feet. After a short period to get his bearings, Clark was able to flag the rest of the event.

Selvage was able to hold onto the top spot and win the race even though his wing was minus the side panel, but he had a battle on his hands with Agan to the finish. Cornell took third, Clint Garner came from 14th to take fourth and Matt Moro was fifth.

The final race of the season in the 305 division at Knoxville Raceway went to Matt Stephenson. Matt took the lead from brother Marty on lap six and led to the checkers. It was his second win of the season here. Completing the top five were Steve Palmer, Tasker Phillips and Rob Kubli.

Knoxville ends season with Zomer and Bakker sprint wins

by Bob Wilson

KNOXVILLE, Iowa (September 5) Several winners were crowned at Knoxville Raceway Saturday night as this track's 56th season of weekly racing came to an end. Johnny Herrera (410s) and Clint Garner (360s) each gain track championships at this central Iowa racing facility. Dusty Zomer (410s) and Gregg Bakker each grabbed season-ending feature events.

With 25 laps and a \$3,500 pay day on the line in the 410 division, pole sitter Bronson Maeschen jumped to the lead at the end of lap one. Just three laps into the race fifth running Kerry Madsen brought out the yellow when he stopped on the track. It turned out that his hood had worked itself loose and he came to the work area to tape it to the frame.

On the restart, Mike Moore hit the loose stuff up high and tipped his car over. Maeschen led Wayne Johnson, Rager Phillips, Terry McCarl and Zomer back to the green. One lap later Zomer surprised everyone when he blew by McCarl and Phillips in turn one. Two circuits later he had taken over the runner-up spot.

Lap 11 saw Zomer take the lead as he steered his sprinter high out of turn two. When he and Maeschen came into turns three and four, the Maeschen sprinter lost a wheel which bounded over the tall Knoxville fences. The car itself struck the turn wall and was done for the night.

When the race resumed, it would stay green to the end. Tenth starter Brian Brown made a pass of McCarl on lap 14. McCarl fought to get the spot back but was unable.

When Zomer blew by the flag stand to take the checkered flags, he had managed only a ten-car advantage over second place Brown. McCarl stayed for third, Johnson held for fourth and Phillips was fifth.

Pole sitter Josh Higday took lap one of the 360 feature but was soon passed by 2009 Rookie of the Year Jonathan Cornell. Cornell then began to pull away from the pack until a yellow was displayed on the sixth go around for a two-car skirmish in turns one and two.

When the 20-lap race went green again second running Bakker went to the bottom while Cornell took to the top. When they came across the stripe it was now Bakker in the lead. The race would stay that way until Garner took the runner-up spot on lap 10. Lap 13 saw a yellow displayed for a stopped car.

The single file restart saw no position changes with the front running cars. Lap traffic did not play a part in deciding the winners of either feature event on this night.

At the end of the 10-mile sprint, Bakker was the winner with Garner, Cornell, Dustin Selvage and Jon Agan forming the top five finishers.

Bloomquist repeats as Knoxville Late Model Nationals Champion

by Bob Wilson

KNOXVILLE, Iowa (October 4) – Coming on hard late in the race, Scott Bloomquist won the 6th Annual Lucas Oil Late Model Knoxville Nationals Sunday night at Knoxville Raceway. It marked Bloomquist's second Nationals win as he took this event in 2005. The victory paid the Mooresburg, Tennessee driver \$40,000.

For the longest time in this 100-lap championship, it appeared that Shannon Babb would take his first Nationals win after starting on the pole of this race. For nearly ten laps he was paced by fellow front row starter Rick Eckert. Then it was Bloomquist who chased the leader for a couple of laps. Brady Smith came into play as he followed Babb until the 31st go around. Throughout this portion of the race, Babb had control and at his best held a 25 car-length lead on Knoxville's big half-mile oval.

It was lap 31 in which Bloomquist took over the second spot when he got by Brady Smith in heavy traffic, but he could not stay with Babb. As the race neared the half-way mark, Bloomquist slowly began reeling in the Babb machine. He stayed close but was unable to get around Babb.

On lap 55 Bloomquist made his move as he ran with Babb in a nose to tail fashion. For the next ten laps Babb had his hands full with Bloomquist's various attempts to pass. Bloomquist had found a new line which took him into and out of all turns at mid-track. Babb, in the meantime ran the top with the cushion devilishly near the track's tall fences.

Lap 65 prove to be Babb's demise when Bloomquist took the race lead for good as he roared out of turn four. Lap traffic played a part in this race as all race leaders, when faced with the backmarkers, seemed to falter and allow the contenders a chance to make a race of it.

Behind leader Bloomquist, several skirmishes broke out especially between Billy Moyer and Jimmy Mars. On lap 79 Brady Smith made it a three-car battle and that is when Mars sailed into the marbles in turn three and lost his contention for the runner-up spot. After that he no longer was a factor and soon pulled into the pits.

In the waning laps, there were several changes in the top five positions as Bloomquist pulled away. The track, which had been bladed prior to the C Main, held several grooves to the finish, but only Bloomquist utilized the mid-track groove.

When Bloomquist took the checkered flags, he held an entire "chute" advantage over second place finisher Moyer. Defending Nationals champion Tim McCreddie took third. Completing the top five were Brady Smith and Josh Richards. Tony Stewart, who started 27th, progressively worked his way forward to finish seventh in the field of twenty-eight.

The 6th annual event had been scheduled for Thursday through Saturday, October 1-3. However, the first two nights were called due to rains during the day. Saturday night's finale was postponed to Sunday evening when rain again descended upon the fairgrounds just prior to the qualifying time trials.
